

## ALFKONA FRA ILIFF'S ICELANDICS

Alfkona means “the elf” and that names fits her well. Hazelnut bay with tons of dark mane and tail, she is light build, with the sweetest disposition and the smoothest high stepping tolt imaginable - just like gliding on water.

Her beautiful foal “Frida fra Vindsdalur” from 2008 inherited her high stepping tolt and her easy going, friendly character.

With her high quality pedigree she will be a great broodmare as well as a fun riding horse for an ambitious young rider or small adult.

Alfkona is now back in training.

Price: \$8,500 (CAN\$)
