

**LEIKUR FRA VINDSDALUR -[CAN]1306-**

Born in 1998, Leikur has been our main stud for the last years and his progeny are showing all his qualities - wide, large strikes, easy to train and maintain tolt, a sweet, interesting character, and great supple movement in all gaits with an impressive hindleg mechanic. His progeny carry themselves well and we are showing some of his sons this year.

Leikur also did very well in the show-ring in the last years, always winning the preliminaries of tolt and 4 gait sport classes, and many of the A finals. His sport scores were in the 6.5 - 7.5 range and his appearance in the ring is always impressive to watch.

Besides these qualities he is an extremely fun horse on trails. He loves to explore and enjoy his speed range, while being the perfect gentleman at the same time.

Since we want to keep his daughters in our breeding program, we sadly decided to put Leikur up for sale. We plan to geld Leikur at the end of this breeding season.
