

SNAEJA FRA ASI 1 –[CAN]1978-

Snaeja is holding one of Canada's highest first prize conformation scores (including 9 for neck/withers) and a good second prize overall. Her daughter Von fra Vindsdalur sure proves her quality as a broodmare.

While her scores prove that she is a stunning beautiful horse, her riding scores don't reflect her talents as good as they are. Snaeja is a high willing tolting machine, with speed at your finger tips, now with a large stepping secure trot and a good round jumped gallop. She is not a 'everybody's darling' but well mannered and willing to please the rider.

We are hoping to get her speed and tolt abilities, together with her great conformation and some pinto colour in her offsprings!

Earlier in 2007, Snaeja had a mare foal, Von fra Vindsdalur, that is light sorrel with a blaze and a very fast 5 gaited little beauty. The sire of Von is Leikur fra Vindsdalur. Snaeja was born in 1996.

Snaeja's unusual Palomino Pinto colour is just the cherry on the cream. This 5 gaited mare is a great opportunity for a breeder of 5 gaits, great conformation and colour! Her daughter will stay in our breeding program, which enables us to offer Snaeja for sale.

Price: \$12,000 (CAN\$)
